

The Future of Supplier Payment Accuracy

A Smarter Way to Work

Built on decades of AP recovery audit expertise, FlexTrap is the leading Payment Accuracy Platform that closes the last mile of AP automation. Powered by AI and machine learning, FlexTrap connects disparate data streams to identify and prevent financial leakage at its source.

Prevent Financial Loss

Safeguard working capital with real-time, payment error prevention that identifies and stops duplicate payments, overpayments, and missed credits.

Automate Tedious Tasks

Free your AP team to focus on strategic, value-add activities with smart invoice matching and inbox triage that automate repetitive work.

Gain Total Visibility

Uncover financial leakage and gaps by connecting disparate data streams across your ERP, supplier statements, and communications.

Improve Supplier Relationships

Enhance supplier relationships with a suite of AI-driven tools that expedite vendor inquiry response and resolution for stronger, more compliant partnerships.

5X ROI
in year one of implementation

\$700M
recovered or prevented annually

90%
less time spent reconciling supplier statements

100%
coverage of suppliers reviewed

50%
uplift in open credits captured

Three Modules. One Unified Platform.

Statement Reconciliation

Automates supplier statement outreach, data capture, and matching against open AP items.

Eliminate 80% of manual reconciliation work.

Payment Error Prevention

Detects duplicate payments, missed credits, and overpayments prepayment.

Prevent financial leakage by up to 0.1% of total spend.

AP Inbox Assist

Smart email classification, routing, and response drafting across AP inboxes.

Free your AP team from inbox chaos.

How FlexTrap Works

Initial Discovery

Work with a FlexTecs expert to understand how FlexTrap can be tailored to your unique AP environment and business goals.

Proof of Concept

Pilot FlexTrap before implementing to uncover hidden errors and insights from historical transaction data to determine the value of our solution.

Go Live

Get FlexTrap up and running in 30 days or less with minimal IT involvement and frictionless onboarding. Our team of AP experts is with you every step of the way 24/7.

See how FlexTrap closes the last mile of AP automation.
